

Batuhan Karaca, Full Stack Developer

kafein40@gmail.com | Ankara, TR

LinkedIn: <https://linkedin.com/in/kafeindev/> | **GitHub:** <https://github.com/kafeindev>

SUMMARY

As a software developer, I have a great interest in web technologies. I have spent two years working as a freelance developer in the backend tier, gaining valuable experiences along the way. Recently, I have developed a strong interest and curiosity in frontend development.

SKILLS

Frontend (Junior): HTML / JSX, CSS / Tailwind, Javascript / Typescript, React / Next

Backend (Junior): Java, Node / Express, Postgres, Redis, Mongo

PROJECTS

Personal Website

2024 — Present

<https://github.com/kafeindev/kafein.dev>
